## Xplor Boatworks - X7

From \$ 1

### Description

Wait till you see this beauty! She is a 2024 Xplor Boatworks X7 powered by a Mercury 115 Prox's and comes on a custom single axle Amera Trail trailer. The need for more speed and still wanting to get skinny was the driving force behind our x7. She comes with a Ultra X™ Infused VE/CarbonX hull, Ice Blue gelcoat, console grab bar, rear bench cushion, front console cushion, cooler cushion for a Yeti 45, NOCO 3 Bank Battery Charger, Simrad NSS9 EVO3S w/ActiveImage 3-in-1 Transducer, 24 Volt wiring with PowerPux removable bracket, Xplor Poling Platform - Bucket, 2 Rod, V Marine Classic push pole holders, Bob's Hydraulic Jackplate, Dekit Poling Tower Pad and Dekit Bow Hatch Pad. Standard options include rear center livewell, 2 rear storage boxes, battery switch, courtesy LED's (white in compartments and blue in cockpit), large capacity bow storage and under console storage and access.
